

# BENEFITTING THE ENVIRONMENT AND SUPPORTING LOCAL COMMUNITIES

NEWSLETTER  
2024

## TRANSFORMING EDUCATION AT SERAKALALA

The transformation of Serakalala Creche and Pre-School emphasises our commitment to community development. This 3-yr infrastructure and support programme has nearly doubled the facility's capacity, allowing it to care for more children and employ additional staff.

Training for educators was provided and the crèche's governing body took part in skills development to strengthen leadership and management.

**"These improvements show how targeted interventions can make a huge impact. By focusing on key areas of need, we have been able to enhance the learning environment, improve health and safety, and create employment opportunities." - Noluthando Mazibuko, ED Specialist**

## DOCUMENTING COMMUNITY IMPACT

Our Economic Development Programme documentary showcases how we've supported community members through practical community-driven development, in the Blouberg Local Municipality.

The video showcases a selection of the successful projects implemented by our team - funding and business mentorship support for a local woman-owned vegetable farm, as well as efforts to address critical needs like sanitation and water supply in schools.
